

FINAL RESULTS OF THE LABOR FORCE SURVEY: 2011 to 2013

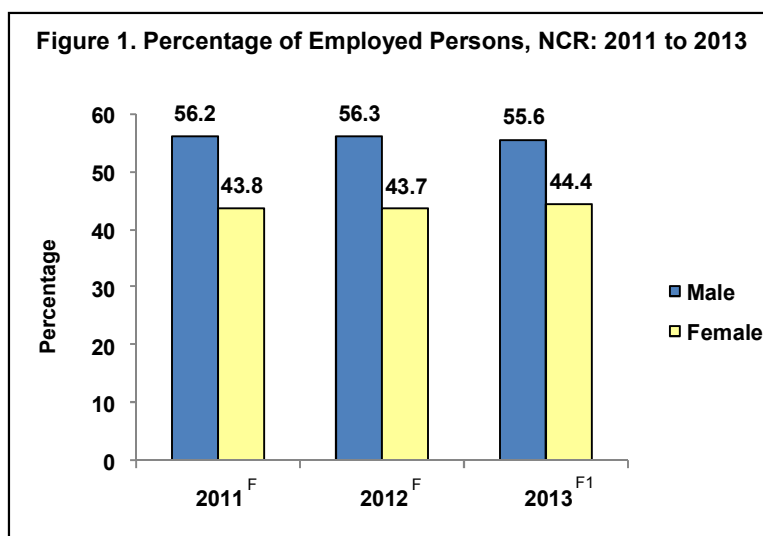

More males than females in NCR

The final results of the July 2013 round of Labor Force Survey (LFS) revealed that males dominated the workforce in NCR with 55.7 percent while females shared only 44.3 percent.

The results of LFS also showed that from 2011 to 2013, males consistently dominated the labor sector in NCR. Refer to Table 1 for details.

Total Employment: Males outnumber Females across regions

The July 2013 results of Labor Force Survey revealed that across regions, males outnumbered females in terms of total employment in the country. Region IVA topped the rank with 2.82 million employed males, followed by NCR with 2.59 million. Rounding the top three with the most number of employed males was Central Luzon with 2.50 million. Caraga and Cordillera Administrative Region had the lowest number of employed males with 0.69 and 0.43 million respectively.

In terms of the number of employed females, National Capital Region ranked first with 2.06 million. This was followed closely by Region IVA and Region III with 2.05 million and 1.53 million employed females, respectively. *Refer to Table 3 for details.*

Highest proportion of employed males in ARMM

In terms of proportion, ARMM's work force was dominated by males, comprising 73.1 percent of the total. Davao Region followed with 64.1 percent and Cagayan Valley with 64.0 percent; while NCR, Central Visayas, NCR and Calabarzon Region's employed females almost matched its male counterpart, comprising 44.3 percent, 42.1 percent and 42.8 percent, respectively. *Refer to Table 3 for details.*

2010 CENSUS OF POPULATION AND HOUSING

More Females than Males in NCR

The results of the 2010 Census of Population and Housing revealed that there were more females than males in NCR. Females accumulated for 50.9 percent of the total population compared to 49.1 percent of the male counterpart.

The top three cities with the most number of female were City of San Juan with 54.9 percent, City of Makati with 52.9 percent and City of Las Piñas with 51.5 percent.

Only two cities in NCR were dominated by males. These were the cities of Navotas (50.5%) and Valenzuela (50.2%). Refer to Table 4 for details.
